

Dear prayer partners, Please pray for peace and good health in my family. Pray that the devil may not attack any member of my family bodily or in any other way. Pray that the devil may not use my mother and my brother against me. Pray that God may destroy all the Satanic barriers, strongholds and unconquerable obstacles in the relationship between me and my fiancé and that he may arise for us and destroy all our enemies and the several forms of witchcraft which they are using to separate us and to bind and hinder our marriage. Pray that God may renew and strengthen the understanding, communication and intimacy between me and my fiancé. Pray that the Holy Spirit may be a constant source of advice and guidance for my fiancé with respect to our relationship and our future. Pray that God may destroy all the Satanic attacks on our relationship through a man called Aaron and through the Shirdi and Sai baba witchcraft. Pray that the devil may not cause sickness, any form of Satanic attack, money loss or property loss, accidents or any other disaster in mine and my sister's families. Pray that God may send his mighty army of angels and protect me from all my enemies who are planning to harm me bodily while I travel outside. Pray that God may forewarn me of all such dangers. Please pray that God may strengthen my sister to start with her ministry and open miraculous opportunities and provide acquaintances for her to start with it. Pray that the power of the Holy Spirit may control and fill her whole being in such a way that she may be a source of deliverance for many people in bondage and even for our family. Pray that God may destroy all Satanic attacks coming against her through her in-laws and through all possible sources. Pray that God may completely heal my sister of her fissure and rheumatic problems. Pray that God may destroy all the dry situations in our food and financial matters and bless and replenish both matters. Pray that God may destroy the evil intentions of my enemies to use my birth date to do witchcraft against me. Pray that God may destroy all the Satanic attacks against my body and my head. Pray that God may destroy all Satanic attacks on the spiritual relationship and my prayer ministry with Sharmila. Pray that God may anoint both of us with the power of the Holy Spirit to build up and fortify the prayer ministry. Pray that God may add more anointed and spirit-filled people to our ministry. Christa
